## Engineering Change Notification

This notice is to inform you of a change to the following LCD product:

### NHD-0416BZ-NSW-BBW

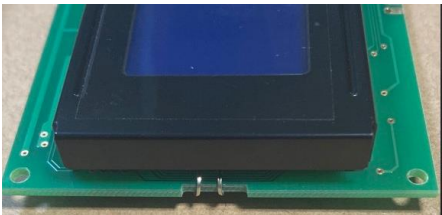

The backlight and PCB used in the manufacturing of this display have been redesigned to improve the anode and cathode connections between the backlight module and display PCB.

- Backlight: Mechanical structure modified. No change to input power requirements.
- PCB: Cutout for backlight leads removed and replaced with a straight edge on the board.

All our testing found the new version to be backwards compatible with existing systems.

The new display will be labeled with a **Rev1A** identifier after the part number.

Old Design	New Design
	
	

We understand that every customer's application is unique, and therefore recommend you test and validate samples of the updated design.

Samples may be purchased by contacting us at [nhsales@newhavendisplay.com](mailto:nhsales@newhavendisplay.com). When ordering samples, please specify that you would like to receive the new version.

Please visit [www.newhavendisplay.com](http://www.newhavendisplay.com) or email [nhtech@newhavendisplay.com](mailto:nhtech@newhavendisplay.com) for further information or assistance with this change.
