Engineering Change Notification

This notice is to inform you of a change to the following TFT products:

NHD-7.0-1024600AF-LSXP-CTP
NHD-7.0-HDMI-HR-RSXP-CTU
NHD-7.0-HDMI-HR-RSXP-CTU-NB

The Capacitive Touch Panel (CTP) FPC has been redesigned to modify trace layout. The CTP cable size, position, pinout and connection type remain the same.

The firmware programmed onto the touch controller during manufacturing has also been upgraded. All our testing found the new version's functional performance to be equivalent to the old version.

The new CTPs will be labeled with a different revision control number after the part number.

Old Design	New Design
	

We understand that every customer's application is unique, and therefore recommend you test and validate samples of the updated design.

Samples may be purchased by contacting us at nhsales@newhavendisplay.com. When ordering samples, please specify that you would like to receive the new version.

Please visit www.newhavendisplay.com or email nhtech@newhavendisplay.com for further information or assistance with this change.
